LET YOUR PILOT CAREER TAKE OFF

PILOT TRAINING AND CAREER

BORN TO FLY THE SMART WAY

Have you ever flown in an all-white plane? It might have been us – SmartLynx Airlines. Our aircraft tails are bright white, so there is always room for our clients' branding. As a globally recognized provider of ACMI, cargo, and charter services, we offer a comprehensive range of aircraft, crew, maintenance, and insurance solutions, operating flights worldwide. Simply put, we lease our aircraft to other airlines during times of need. And for our team, it means an opportunity to work not just with one but many globally acknowledged names such as *AnadoluJet by Turkish Airlines*, *DHL Express*, *TUI fly*, and more.

As a part of the **Avia Solutions Group** family, SmartLynx provides cutting-edge, end-to-end capacity solutions for both passenger and cargo airlines around the globe.

WE ARE GLOBAL

With HQ in Riga, Latvia and offices in Estonia, Lithuania, and Malta, we have 21 bases and we operate to over 310 destinations around the world.

SMARTLYNX TRAINING CENTRE

SmartLynx Training Centre is EASA recognized approved training organization (ATO) that offers Type Rating courses for pilots on the Boeing 737 MAX and Airbus A320 series, renewals & revalidations, and cross-qualification courses. With more than 10 years of experience, Training Center is acknowledged by aviation professionals worldwide.

SmartLynx Training Centre welcomes 60-70 students each year from all over the world. To enroll in Type Rating courses, applicants must pass the initial online Pre-Assessment, consisting of ATPL knowledge test, psychometric evaluation, and an interview.

In the past 5 years, 96% of all graduates received the opportunity to build a pilot carrier with SmartLynx Airlines. Prepare for your career take-off!

GRADUATE SUCCESS STORIES

FUELED BY GUARANTEES, NOT EMPTY PROMISES

MATTEO DE LUCA

SmartLynx First Officer

Since I was a kid, I always wanted to be a pilot. SmartLynx gave me the opportunity to do the Type Rating with highly qualified instructors, advanced training materials, and modern equipment. Right after the training, SmartLynx offered me to become an ACMI pilot, work in a dynamic environment, and see many exciting places worldwide. Now I'm flying as a First Officer and living my dream!

HANA BLOM

SmartLynx First Officer

I feel so lucky to have had the opportunity to do my Type Rating here. Not only have the instructors been incredibly knowledgeable and professional, but they've also shared invaluable advice based on their years of experience. I've learned so much, fulfilled my lifelong dream of becoming a pilot, and I get to travel the world with a fantastic team!

B737 MAX TYPE RATING COURSE

SmartLynx Training Centre offers a full Type Rating course for Boeing 737 MAX with highly qualified and professional pilots as training instructors. Expand your competence to operate the remarkable and highly efficient Boeing 737 MAX, with improved environmental performance and next-level comfort.

The course is designed for students who meet the following minimum criteria: CPL(A) license and ATPL theory, with or without previous experience in commercial airplane operations.

PRE-REQUIREMENTS

- ATPL (A) or CPL(A) and theoretical knowledge equal to requirements for the issue of EASA ATPL(A)
- EASA Class 1 medical certificate
- Multi-engine Instrumental Rating (A)
- Certificate of satisfactory completion of MCC course (if applying for the issue of the first type rating for multi-pilot aero plane type)
- Fluent in English (at least level 4)
- At least 70 hours as pilot-in-command of airplanes
- Advanced UPRT certificate

COURSE CONTENT

- B737 Ground Course – 9 days in a virtual classroom followed by 2 days of in-person classes and 1 day of testing
- B737 Cockpit System Simulator with FTD or OTD – 12 hours
- B737 Full Flight Simulator (FFS) – 10 sessions / 40 hours
- B737 Skill Test – 1 session / 4 hours
- B737 Base Training – 6 Touch and Go + 1 Full Stop or ZFTT (Zero Flight Time Training) session

B737 INITIAL TYPE RATING COURSE PRICE:

36 500 € + 500 € Pre-Assessment fee

B737 TYPE RATING COURSE PRICE WITH ZFTT:

26 500 € + 500 € Pre-Assessment fee

* For the ZFTT option, it is required to have 500 hours or 100 route sectors experience on Multi-pilot aircraft types

A320 TYPE RATING COURSE

The A320 Type Rating Course is an opportunity to shift your career into one of the world's best-selling and most common aircraft. The aim of the course is to train pilots with different backgrounds and previous experience to safely operate A320 family aircraft (A318 / A319 / A320 / A321).

The course is designed for students who meet the following minimum criteria: CPL(A) license and ATPL theory, with or without previous experience in commercial airplane operations.

PRE-REQUIREMENTS

- ▶ ATPL (A) or CPL(A) and theoretical knowledge equal to requirements for the issue of EASA ATPL(A)
- ▶ EASA Class 1 medical certificate
- ▶ Multi-engine Instrumental Rating (A)
- ▶ Certificate of satisfactory completion of MCC course (if applying for the issue of the first type rating for multi-pilot aero plane type)
- ▶ Fluent in English (at least level 4)
- ▶ At least 70 hours as pilot-in-command of airplanes
- ▶ Advanced UPRT certificate

COURSE CONTENT

- ▶ A320 Ground Course – 9 days in a virtual classroom followed by 2 days of in-person classes and 1 day of testing
- ▶ A320 Cockpit System Simulator with APT/FTD – 20 hours
- ▶ A320 Full Flight Simulator (FFS) – 9 sessions / 36 hours
- ▶ A320 Skill Test – 1 session / 4 hours
- ▶ A320 Base Training – 6 Touch and Go + 1 Full Stop or ZFTT (Zero Flight Time Training) session
- ▶ Training includes PBN operations and engines difference training (CFM and IAE engines)

A320 INITIAL TYPE RATING COURSE PRICE:

36 500 € + 500 € Pre-Assessment fee

A320 TYPE RATING COURSE PRICE WITH ZFTT:

29 900 € + 500 € Pre-Assessment fee

* For the ZFTT option, it is required to have 500 hours or 100 route sectors experience on Multi-pilot aircraft types

PRE-ASSESSMENT

- ▶ ATPL knowledge online test (30 minutes, contains 30 questions on ATPL theory)
- ▶ Online psychometric assessment (approx. 3-3.5 hours)
- ▶ Online interview (30 minutes) with SmartLynx representatives
- ▶ Depending on the results of all online assessments, you will be invited to a simulator assessment in one of our training locations
